

Meatballs, Spinach, Pasta

It's official - this thing has a permanent spot on my counter! Running late with dinner, I put a little olive oil on the bottom, threw in frozen meatballs, then a bag of frozen spinach, dry uncooked pasta, 1 jar sauce, 1 jar of water. Set for 5 min, 12 NPR then QR. Guys, I DID NOTHING to make dinner tonight! NOTHING! I literally quickly threw everything in. Took me all of 45 seconds. Topped with Parmesan and it was a hit with everyone including my 7 year old and freshly turned 1 year old! Gahhhh I'M IN LOVE WITH MY INSTANT POT!!!!!!
